---

### WHAT IS THE FAMILY SUPPORT PROGRAM?

The Office of the District Attorney, Family Support Division, provides services to determine paternity and to enforce the obligation of a parent to support his or her children. They do NOT assist in enforcing or arranging child visitation agreements. These services are available free of charge to all San Diego custodial parents, regardless of their financial status.

### WHERE IS THE FAMILY SUPPORT PROGRAM LOCATED?

The San Diego County's Child Support Enforcement Program is part of the Family Support Division of the Office of the District Attorney of San Diego County. It is located at 330 West Broadway, the 7<sup>th</sup> Floor in downtown San Diego.

### HOW CAN I USE THEIR SERVICES?

First, call the Family Support Division at 236-7600 to request an application to be mailed to you.

Second, fill out the paperwork in BLACK INK and answer as many questions as you can.

Third, you must attend an orientations session which lasts approximately 1.5 hours and bring the necessary forms and supporting documentation to the orientation session. Call to find out when and where the orientation sessions are held.

### HOW CAN THE NAVAL LEGAL ASSISTANCE OFFICE HELP?

If you have any difficulty in filling out the forms or knowing what to write on these forms, you may make an appointment to speak to an attorney by calling 545-6278.
